RUGGLES GATEWAY VISION STUDY BOSTON, MASSACHUSETTS

Stull and Lee was the Coordinating Urban Design Consultant for the Ruggles Gateway Visioning Project which received a coveted HUD Choice Neighborhoods Initiative Grant.

S + L worked with a consortium of city agencies and community development corporations to develop a comprehensive inter-disciplinary vision for this important city corridor. The vision includes replacing an outdated public housing project, significant improvements to a city park, construction of the Dewitt Community Center and innovative streetscape designs.

In addition to developing corridor wide open space and streetscape concepts, S+L designed the Dewitt Community Center which is at the principal crossroad of the re-emergent neighborhood.
